Classes for 55 and Older

According to Baby Boomer Headquarters, “sociologists and the media define those born between (and including) 1946 and 1964 as Baby Boomers.” The 2010 U.S. Census indicates an estimated 75 million Baby Boomers live in the United States. Further inquiry shows that 162,781 Boomers reside in the San Jacinto College service area. It has been estimated that every 8.5 seconds a Boomer turns 50. The number of community members in the San Jacinto College service area will continue to grow as this generation moves toward retirement.

Are you ready to reinvent yourself? Make new friends? Learn a new skill or hobby? These new offerings are just the ticket.

Each class has a minimum required enrollment. Once that minimum is reached, the class is a “MAKE.” Find a class you like, encourage a friend to join you! Sometimes two or three people can make a difference between having a “Go” and having a course cancelled.
