EXCEL INTERMEDIATE SKILLS

ENROLL TODAY!

Only $175

7/7/14—7/16/14

Mon. & Wed. | 12 pm – 4 pm
North Campus | CRN 95077

Don’t settle for basic Excel knowledge!

In this course you will begin with advanced formatting techniques. Then you will discover the eleven categories of the programmed advanced functions and complex formulas. By the end of this course, you will be prepared to not only calculate complex data but, to present it graphically in PivotTable reports and PivotCharts. You will gain partial skills necessary to pass the MOS Core Exam.
