CENTRAL CAMPUS
8060 Spencer Highway, Pasadena 77505

MARCH 18 – MAY 14, 2013
Monday - Thursday
1:00pm – 5:00PM**
**with additional clinical times

Description of Training:
This program develops marketable skills in the field of nursing by becoming a Certified Nurse Aide. A high demand exists for CNAs. This includes effectively providing safety and preventative measures in the care of residents, as well as how to function as a member of the healthcare team. The student will be prepared for entry level employment in long-term care facilities, hospitals, home health agencies, and medical offices. After successful completion of the class, students are eligible to take the Texas Certified Nurse Aide Certification Exam.

Job readiness training is included. The student will receive assistance to develop their resumes and practice their interviewing skills and techniques. The student will participate in a review of basic job skills including dressing for the workplace and the importance of good attendance and attitude. Additional training, such as Medication Aide, can be added to this certification to further enhance the marketability and earning potential for the successfully certified student.

Targeted Outcomes:
- Describe and demonstrate the roles and responsibilities of the nurse aide;
- Demonstrate basic nurse aide skills;
- Provide basic care to residents in a long-term care facility;
- Describe ethical behavior on the job;
- Function effectively as a member of the healthcare team.

Program Prerequisites:
- Background check will be required prior to acceptance in the program. The cost of the background check, less than $60, will be the responsibility of the CNA student.
- Must have a negative TB test < 1 yr old or clear chest x-ray.
- Must be able to read, write and communicate with patients in English.
- Must have a valid social security card and photo id (names must match on both documents).

Cost
- Value of training $1500. Scholarships available to cover tuition, books, and state exam.
