Conversational Sign Language

**Conversational Sign Language I** is designed as an introduction to American Sign Language through sign vocabulary, finger spelling and number signing. The class provides basic functional skills required for communication with the Deaf. It also presents an introduction to deaf culture with enhanced exposure offered through various guest speakers (hearing and deaf). Through mime, games, music and fun students will build and strengthen their expressive and receptive practical ASL skills. Text required. **Cost: $175**
